March 11, 2021:

I'm the Director of the Art Center here in Lewistown, and was introduced to MAWS by both Susan Lohmuller and Marcy Foran. My aunt lives in Lethbridge, Alberta, and last time I visited, I had the joy of touring their new civic art center (CASA), as well as the workshop of the Lethbridge Weavers Guild. I would like to work to facilitate an exchange between Montana and Lethbridge, and was hoping that MAWS would be interested in collaborating. I'm not thinking any time soon, probably in 2022 or later.

March 18, 2021:

I'd like to collect a group of works from both MAWS members and the weavers in Lethbridge, let's say tea towels (open to suggestions!). Then, the works would show in Lewistown (where Montana folks would host Canadian weavers for a weekend) and then in Lethbridge (vice versa), allowing everyone to see the work together.

I'm very flexible but I would love to hear some suggestions!
